The diagram shows a rectangular rug with a brown border. The central area is a square divided into four quadrants by a vertical and a horizontal line. Below the rug, a dimension line indicates the width of the central square area is 80 cm. Another dimension line below that indicates the total width of the rug is 190 cm.

The diagram shows a rectangular rug with overall dimensions of 175 cm in width and 102 cm in height. The rug is divided into four quadrants by a vertical line and a horizontal line. The top and bottom horizontal borders are 10 cm wide, and the left vertical border is 10 cm wide. The central area is 155 cm wide and 82 cm high.

The diagram shows a rectangular rug with overall dimensions of 175 cm in width and 102 cm in height. The rug is divided into four quadrants by a horizontal line and a vertical line. The top and bottom horizontal borders are 10 cm wide, and the left and right vertical borders are 5 cm wide. The central area is 155 cm by 87 cm.

Diagram of a rectangular table with dimensions 160 cm by 102 cm. The table is divided into four quadrants by a vertical and a horizontal line. The top edge has a dark brown border, and the bottom edge has a light brown border. The left and right sides are light brown.

The diagram shows a rectangular rug with a light beige center and a brown border. The rug is 140 cm wide and 102 cm high. The inner light beige area is 110 cm wide. The brown border is 15 cm wide on the left and right sides and 12 cm wide on the top and bottom sides.

The diagram shows a rectangular rug layout. The central area is a rectangle with a width of 110 cm and a height of 102 cm. This central area is surrounded by a border. The total width of the rug, including the border, is 125 cm. The border is 15 cm wide on the left and right sides. The height of the rug is 102 cm, which is the same as the height of the central area, indicating that the border is 0 cm wide on the top and bottom sides.

A diagram of a rectangular rug. The rug is divided into three horizontal sections: a top section, a middle section, and a bottom section. The top section is a darker shade of brown, while the middle and bottom sections are a lighter shade of brown. To the right of the rug, a vertical dimension line indicates a height of 102 cm. Below the rug, two horizontal dimension lines are shown: one indicating a width of 110 cm for the main body of the rug, and another indicating a total width of 125 cm, which includes a narrow vertical strip on the right side.

Diagram of a rectangular rug with dimensions 100 cm by 102 cm. The rug is shown with a light gray center and a brown border. The overall width is 130 cm, and the overall height is 102 cm.

The diagram shows a rectangular rug with a light gray center and a brown border. The total width is 115 cm, and the total height is 102 cm. The brown border is 5 cm wide on the top and bottom, and 10 cm wide on the left and right.

A diagram of a rectangular rug. The rug is divided into three horizontal sections: a dark brown top section, a light gray middle section, and a light gray bottom section. A vertical dark brown strip runs along the right edge. Dimension lines indicate the size: a vertical line on the right is labeled 102 cm, a horizontal line at the bottom is labeled 100 cm, and a horizontal line below that is labeled 115 cm.

A diagram of a rectangular box. The width is labeled as 100 cm and the height is labeled as 102 cm. The box is divided into three horizontal sections: a thin top section, a middle section, and a larger bottom section.

The diagram shows a rectangular rug with a central square area. The central square has a side length of 90 cm. The rug has a border of 15 cm width on all four sides. The total width of the rug is 120 cm, and the total height is 102 cm.

The diagram shows a rectangular rug with a central light gray area and a surrounding brown border. The central area is 90 cm wide and 105 cm high. The total width is 105 cm and the total height is 102 cm.

A diagram of a rectangular rug. The rug is divided into three horizontal sections. The top section is a thin brown strip. The middle section is a light gray rectangle. The bottom section is a larger light gray rectangle. To the right of the rug, a vertical dimension line indicates a height of 102 cm. Below the rug, a horizontal dimension line indicates a width of 90 cm.

The diagram shows a rectangular rug with a central square and a surrounding border. The central square has a side length of 80 cm. The rug has a total width of 110 cm and a total height of 102 cm. The border is composed of a top and bottom section, each 12 cm high, and two side sections, each 15 cm wide.

The diagram shows a rectangular rug with a brown border. The rug itself is light gray. The width of the rug is labeled as 80 cm. The height of the rug is labeled as 102 cm. The total width, including the brown border on the left, is labeled as 95 cm.

A diagram of a rectangular rug. The rug is divided into four sections by a horizontal line and a vertical line. The horizontal line is 5 cm from the top edge, and the vertical line is 5 cm from the right edge. The dimensions are labeled: the width of the rug is 80 cm, the height is 102 cm, and the total width including the border is 95 cm.

The diagram shows a rectangular rug with a main area of 100 cm by 65 cm. A vertical strip of material, 15 cm wide, is attached to the left side of the rug. The total width of the rug assembly is 115 cm. The total height of the rug assembly is 100 cm, which includes the 65 cm height of the main rug area and a 35 cm height for the top section (the strip and a top border).

The diagram shows a rectangular rug with a central area of 100 cm by 100 cm. A border of 15 cm is added to the top and right sides. The total width is 100 cm + 15 cm = 115 cm. The total height is 100 cm + 15 cm = 125 cm.

The diagram shows a rectangular rug with a light beige main area and a darker brown border. The rug is oriented vertically. To the left of the rug is a vertical rectangular panel, also with a light beige main area and a darker brown border. The dimensions are indicated by arrows and labels:

- The total width of the rug (including the panel) is 105 cm.
- The width of the main rug area is 90 cm.
- The total height of the rug is 165 cm, which is the sum of 100 cm and 65 cm.
- The height of the main rug area is 100 cm.
- The height of the bottom section of the rug is 65 cm.

The diagram shows a rectangular rug with a light beige main area and a darker beige border. A vertical side panel is attached to the left side. The dimensions are labeled as follows:

- The main rug area is 80 cm wide and 100 cm high.
- The side panel is 15 cm wide and 65 cm high.
- The total width of the rug assembly is 95 cm.

The diagram shows a rectangular rug with a light beige center and a brown border. The rug is 115 cm wide and 165 cm high. The border is 5 cm wide on the top, bottom, and right sides, and 10 cm wide on the left side. The central beige area is 100 cm wide and 100 cm high.

A diagram of a rectangular rug with a light beige center and a darker beige border. The rug is shown with a rug pad underneath. The rug pad is 100 cm wide and 100 cm high. The rug is 115 cm wide and 165 cm high. The rug pad is 65 cm high. The rug is 100 cm wide and 100 cm high.

The diagram shows a rectangular rug with a central light gray area and a surrounding dark gray border. The central area is 90 cm wide and 65 cm high. The total rug dimensions are 105 cm wide and 100 cm high. The border is 5 cm wide on the left and 10 cm high on the top and right.

The diagram shows a large rectangle representing a rug. Inside this rectangle, there is a smaller square area in the top-left corner. The dimensions are labeled as follows:

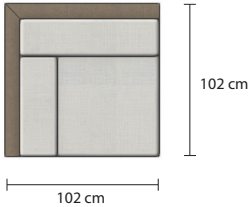

- The total width of the rug is 105 cm.
- The total height of the rug is 100 cm.
- The width of the central square area is 90 cm.
- The height of the central square area is 65 cm.

The diagram shows a rectangular rug with a light beige center and a darker beige border. The overall dimensions are 95 cm by 100 cm. The inner rectangle has a width of 80 cm. The height of the inner rectangle is calculated as 100 cm minus 65 cm, which equals 35 cm. The area of the inner rectangle is calculated as 80 cm multiplied by 35 cm, which equals 2800 cm².

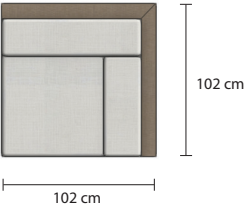

Diagram of a rectangular rug with dimensions:

- Width: 80 cm
- Height: 100 cm
- Strip width: 5 cm
- Strip height: 65 cm
- Total width: 95 cm
- Total height: 165 cm
