A diagram of a sofa with a total width of 216 cm and a height of 100 cm. The seat area is divided into two sections, each 80 cm wide. The sofa has a dark brown outer frame and a light grey seat cushion.

The diagram shows a sofa with a total width of 188 cm and a height of 100 cm. The width is divided into three sections: a central section of 80 cm and two side sections. The height is indicated by a vertical dimension line on the right.

A diagram of a sofa with a total length of 188 cm. The left section is 80 cm wide. The height of the sofa is 100 cm. The sofa has a light-colored seat and backrest, and a darker brown base and armrests.

The diagram shows a rectangular rug with a brown border and a light gray center. The rug is 160 cm wide and 100 cm high. The brown border is 20 cm wide. The light gray center is 120 cm wide and 80 cm high.

The diagram shows a square table with a central white square and four brown rectangular extensions. The central square has a side length of 120 cm. The total width and height of the table are 176 cm. The brown extensions are 28 cm wide and 40 cm high.

Diagram of a square table with a side length of 100 cm. The table has a light-colored top and a dark brown border. The border is 120 cm wide on the left and bottom sides, and 148 cm wide on the right side. The top-left corner is rounded.

The diagram shows a square table with a side length of 120 cm. A horizontal dimension line below the table indicates a total width of 148 cm, which includes a 28 cm wide extension on the right side. A vertical dimension line to the right of the table indicates a height of 100 cm.

A diagram of a rectangular rug. The rug is divided into two horizontal sections: a top section of dark brown material and a larger bottom section of light beige material. The overall width is labeled as 120 cm at the bottom, and the overall height is labeled as 100 cm on the right side.

Technical drawing of a square cushion. The drawing shows a central square panel with a width of 110 cm and a height of 110 cm. This panel is surrounded by a border that is 166 cm wide and 166 cm high. The total height of the cushion is 100 cm.

The diagram shows a square table with a side length of 100 cm. A rug is placed under the table. The rug has a total width of 138 cm. The portion of the rug directly under the table is 110 cm wide. The rug features a brown border and a light gray central area.

The diagram shows a square table with a side length of 100 cm. The table features a light-colored central square and a dark brown border. The border is 110 cm wide on the left and 138 cm wide on the bottom. The top-right corner of the table is rounded.

A diagram of a rectangular box. The width is labeled as 110 cm and the height is labeled as 100 cm. The box is divided into two horizontal sections: a light gray bottom section and a brown top section.

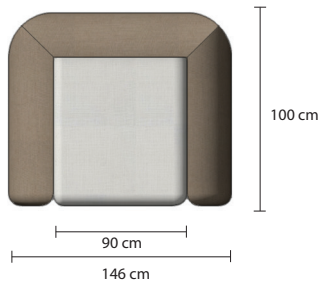

A diagram of a square table. The top surface is a square with a side length of 100 cm. The table has four legs, each 16 cm wide. The total width of the table, including the legs, is 166 cm. The height of the table is 100 cm.

The diagram shows a square table with a side length of 100 cm. A brown cushioned edge is attached to the left side, extending 18 cm from the left edge. The total width of the table with the cushion is 118 cm. The height of the table is also 100 cm.

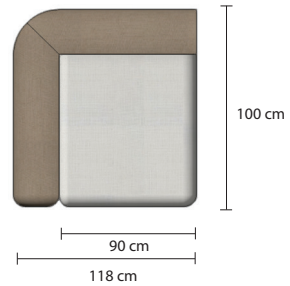

A diagram of a square table with a side length of 100 cm. A cushion, 9 cm thick, is placed on the right side of the table. The total width of the setup is 118 cm. The diagram shows the table as a light gray square and the cushion as a brown rectangle on the right side.

A diagram of a rectangular box. The box is divided into two horizontal sections. The top section is shaded light blue and has a height of 10 cm. The bottom section is white and has a height of 90 cm. The total height of the box is 100 cm. The width of the box is 100 cm.
